

KEEP IT MINI.

MINI COUNTRYMAN AND MINI PACEMAN.
ORIGINAL MINI ACCESSORIES.

EXTERIOR DESIGN.

BUILT TO EXCITE.

Take a MINI Countryman or MINI Paceman out for a spin and you're guaranteed to turn heads. In the bustle of the big city or on the trendiest streets, it's designed to make an entrance – not that you'd want it any other way. To stamp your personality on the talk of the town, just add Original MINI Accessories.

1 Rear-view mirror housing with Union Jack design

1 Sport stripes

An eye-catching extra – racecar styling for the bonnet, roof and doors.

1 MINI LED additional headlights

The fun doesn't have to stop when night falls. The state-of-the-art LED additional headlights, which double the amount of light on the road, switch on when high beam is activated. Available in Chrome (pic 1) or Brilliant Black.

1 Optical under-ride kit

Silver-coloured attachments for the front and rear aprons and sides underline the off-road credentials of the MINI Countryman.

1+4 Exterior mirror caps

2 25-watt xenon headlights

The retrofittable 25-watt xenon headlights are perfect for night owls. They emit a bright blue light with a better range and distribution than halogen lights. This ensures greater overall visibility.

2+3 Black Line

The Black Line package includes Slate Grey or Brilliant Black bezels for the front headlights (pic 2) and additional indicator lights in Black (pic 3). Black Line rear lights are also available for the MINI Countryman (not illustrated).

3 Side scuttles

The side scuttles clip on to the side direction indicators, and can be changed in moments. They are available in a Black Jack or Union Jack flag design, or any colour from the MINI RAY package: Shocking Blue, Lemon Yellow, Alien Green, Vitamin Orange and Energy Pink.

5 Union Jack design for sunroof

INTERIOR DESIGN.

SPACE FOR NEW IDEAS.

It's never been easier to make a quick getaway. Because as soon as you climb inside the MINI Countryman or MINI Paceman, you're in a little world of your own – one that you can personalize with Original MINI Accessories.

1 MINI junior seat group 1 with ISOFIX^{1,2}

The safest position for children here is facing backwards, though they can also sit forwards if desired. For children from around 12 months to 4 years (approx. 9 to 18 kg). The MINI group 1 junior seat features a five-point belt system and ISOFIX base, which can also be used with the MINI group 0+ baby seat. The seats are as safe as they are comfortable. They feature integrated airpads, which provide additional head protection in a side impact, and are soft and cosy for everyday use. Available in Union Jack or Vivid Green.

2+3 Rail accessories

One rail fits all: the noteholder is for smaller documents and notes and has space for a small MINI pencil and two coins. Featuring a magnetic clasp, the rail bag is designed to hold small and medium-sized items. It is interchangeable and coated on the inside. It attaches using two hooks, and can be removed when not required. The handy 1.5-litre rail box is perfect for smaller items such as glasses cases, wallets and phones. It can also be closed and used as a tissue dispenser.

4 Travel and Comfort system

The modular MINI Travel and Comfort system is a great addition for longer journeys. It is structured around a base attachment that is easily affixed between the bars of the head rest. This can then be used with the clothes hanger, universal hook, or Apple and Samsung tablet holder. The clothes hanger (pic 4) can also be used outside the vehicle with a detachable hook. The system comes in Matt Black with Brilliant Black highlights.

¹ With and without ISOFIX
² ISOFIX function can only be used for children up to 18 kg

MUSIC, COMMUNICATIONS AND TECHNOLOGY.

FROM COUNTRY TO CLASSICAL.

Your MINI Countryman or MINI Paceman will take you (almost) anywhere, and thanks to Original MINI Accessories, you can listen to almost anything while you drive as well. Just let your taste be your guide. And when you need guidance of a more practical sort, there's always the Portable navigation system.

1 Snap-in adapter

This docking system is used to store and fast-charge a mobile phone. It is compatible with current models from Apple, Samsung, Nokia, Motorola and some other manufacturers. Use the adapter to connect the phone to the car's external aerial for optimal reception. Depending on the car and configuration, snap-in 'music', 'media' and 'connect' adapters are available. These allow you to play music from your phone over the car's speakers.

2 MINI USB charger

Insert a MINI single USB charger into the cigarette lighter to charge one phone, or a dual USB charger to charge two at once.

3 Multimedia connectivity adapter

Lets you connect your Apple iPod/iPhone, MP3 player, or another manufacturer's smartphone to the audio system. It charges the device, and displays song titles and playlists. Easy to control via the multifunction steering wheel, iDrive controller or radio.

4 Tablet DVD system

The ultimate back-seat entertainment system offers two screens, a built-in DVD player, a USB interface and two in-vehicle mounting points. Suitable for the playback of a wide range of video, music and image formats. The optional infrared stereo headphones ensure superb sound quality with no annoying trailing wires.

5 Holder for Portable navigation system

This holder for Garmin portable navigation systems can be combined with a traffic information receiver, preventing a mess of wires for different devices. Includes vehicle icons, a directory of MINI Service Centres and wallpapers.

LUGGAGE AND LEISURE.

TRY TOPPING THIS.

As of now, there's very little you can't take with you. Thanks to Original MINI Accessories, the sky almost literally is the limit.

1 Aluminium rear-mounted rack, lockable

This system has been specially developed for MINI, and allows up to two bicycles to be transported on the back of the car. The tailgate can still be opened when the rack is loaded. Available in two versions: one for vehicles with a trailer tow hitch, and one for vehicles without (this version requires optional rear-mounted rack preparation).

2-4 Roof rack base support system for roof rails, lockable

The corrosion-resistant cross-bars are made of high-strength aluminium tubing, and their anti-theft locking mechanism ensures they meet the highest security standards. For MINI Paceman models with roof rails.

2 Surfboard holder

Impact-resistant plastic board holders, integrated mast bracket, eyelets and fixing straps.

3 Ski and snowboard holder, lockable

Suitable for carrying either two snowboards and two pairs of skis, or up to six pairs of skis. It also has room for ski poles. Raised carrier bars are also available as an option.

4 Roof box

The roof box features sporty MINI styling, with embossed MINI lettering and embossed sport stripes. The box is fitted with an innovative anti-theft opening system and can be opened from either side, while incorporating six locking points. It can also carry up to five pairs of skis measuring 180 cm or less. Capacity approx. 320 litres. Weight approx. 13 kg. Dimensions (L x W x H) 1,913 x 638 x 402 mm. The top casing is finished in either Titanium Silver or Black, and coloured contrast stripes (to match the embossed sport stripes) are available as an option.
